

Dear valued patrons of Tsehay,

We are thrilled to announce that Tsehay, our Michelin-rated Ethiopian restaurant, will be reopening its doors soon. After temporarily closing on June 1, 2022, we took this time to relocate to a bigger and better space to better serve you, our esteemed guests.

We have missed our guests immensely and cannot wait to welcome you back to our newly designed space. We are excited to show you the amazing changes we have made to our restaurant, including an expanded seating area and a beautifully renovated interior.

At Tsehay, we pride ourselves on offering elevated authentic Ethiopian cuisine and we have used this closure as an opportunity to elevate our menu even further with exciting new dishes that we cannot wait for you to try.

We understand the importance of creating an overall unforgettable dining experience, and our team has been working tirelessly to ensure that every detail of your dining experience is unforgettable. We have updated our service standards, trained our staff on the latest techniques, and invested in new technologies to streamline the dining experience for our guests.

As we look forward to reopening our doors, we want to take a moment to express our gratitude for your support over the years. We would not have been able to make it to this point without your loyalty and patronage. We cannot wait to show you what we have accomplished with our new space, menu, and overall dining experience.

We cannot wait to see you at Tsehay and welcome you back to our family.

Warmest regards,

Ted B. Yirdaw
Managing Partner
